CUSTOM SIZE PRINT PRODUCTION GUIDE

Create the artwork artboard at the exact width and height selected in the product configurator. This guide is not a fixed-size artboard.

- 01** Use the exact ordered dimensions and selected orientation.
- 02** Keep critical artwork clear of the selected hem, grommet strip, and attachment edge.
- 03** Use separate files for different front and back artwork.
- 04** Do not add bleed or crop marks unless the order instructions specifically request them.

FINAL CHECK

Exact ordered dimensions - CMYK - 150 dpi - fonts outlined

No crop marks or extra bleed unless the product instructions require it

Remove all guide artwork before exporting the production file
