

Magnetic Signs

CUSTOM SIZE PRINT PRODUCTION GUIDE

Create the artwork artboard at the exact width and height selected in the product configurator. This guide is not a fixed-size artboard.

- 01** Use the exact ordered dimensions, up to 36 x 96 in.
- 02** Keep important text and logos at least 0.25 in from every finished edge.
- 03** Keep critical artwork farther from the corners when rounded corners are selected.
- 04** Use a separate artboard for each different magnetic sign design.

FINAL CHECK

Exact ordered dimensions - CMYK - 150 dpi - fonts outlined

No crop marks or extra bleed unless the product instructions require it

Remove all guide artwork before exporting the production file
